Date and time of production	16 July 2025 09:05 London local time

1. What is this product?

Туре	German law governed warrants
Term	The product does not have a fixed term, subject to exercise by you or termination by the product issuer
Objectives (Terms that appear in bold in this section are described in more detail in the table(s) below.)	The product is designed to provide a return in the form of a cash payment following exercise by you or termination by us that will depend on the performance of the underlying . The product has no fixed term. The product may terminate at any time as described below. If, upon termination of the product, the underlying has fallen to or below the knock-out level , the product will return the minimum payment of EUR 0.001, which means you will effectively lose your initial investment. Returns from an investment in the product may be achieved by means of the purchase and subsequent resale of the product.
	Leverage: The product offers leveraged exposure to the performance of the underlying . This means that the payment you receive following exercise by you or termination by us increases on a magnified basis as the performance of the underlying increases, but you also bear a greater loss if the underlying performs negatively.
	Knock-out event: If the price of the underlying at any time during the term of the product is at or below the knock-out level , the product will terminate immediately and you will receive EUR 0.001, which means you will effectively lose your initial investment.
	Exercise by you or termination by us: You may exercise the product on certain dates and subject to the notice periods set out in the product terms (see "7. Other Relevant Information" below for more information on where you can obtain the product terms). We may also terminate the product on certain dates and subject to the notice periods set out in the product terms. The exercise or termination, as the case may be, will be effective after the period of time indicated in the product terms.

Unless a knock-out event has occurred, you will in both cases on the **settlement date** receive a cash amount equal to (1) (A) the **reference price** on the **valuation date** minus (B) the **strike price** on such date multiplied by (2) the **entitlement**, subject to a minimum of EUR 0.001.

Following the issuance of the product, the **knock-out level** and the **strike price** will be adjusted for current market conditions and a financing rate. The financing rate is calculated and accrued daily based on an overnight floating rate plus a spread. Updated information on the levels of such components will be available from the product issuer and will be published on www.jpmorgan-zertifikate.de.

Under the product terms, certain dates specified below will be adjusted if the respective date is either not a business day or not a trading day (as applicable). Any adjustments may affect the return, if any, you receive.

The product terms also provide that if certain exceptional events occur (1) adjustments may be made to the product and/or (2) the product issuer may terminate the product early. These events are specified in the product terms and principally relate to the **underlying**, the product and the product issuer. The return (if any) you receive on such early termination is likely to be different from the scenarios described above and may be less than the amount you invested.

The product is available for trading on the listing venue(s) (see "5. How long should I hold it and can I take money out early?" below for more information on the listing venue(s)).

Direction	Call	Issue date	27 August 2020
Underlying	Ordinary shares of Bayerische Motoren Werke AG (ISIN: DE0005190003; Bloomberg: BMW GY Equity)	Strike price	As of 16 July 2025: EUR 50.1481
Underlying market	Equity	Knock-out level	As of 16 July 2025: EUR 50.1481
Entitlement	0.10	Reference price	The closing price of the underlying as per the reference source
Issue price	EUR 0.17	Reference source	Xetra
Product currency	Euro (EUR)	Valuation date	(1) the 5th business day following the day on which your exercise notice is given or our termination is given, or if such day is not a trading day, the next following trading day or (2) the day on which an automatic early termination occurs, whichever is earlier
Underlying currency	EUR	Settlement date	The 5th business day following the valuation date

Intended retail investor

1.

The product is intended to be offered to retail investors who fulfil all of the criteria below:

they have advanced knowledge and a comprehensive understanding of the product, its market and its specific risks and rewards, with relevant financial industry experience including either frequent trading or large holdings in products of a similar nature, risk and complexity;

- they seek leveraged performance, expect the movement in the underlying to perform in a way that generates a favourable return, have an investment horizon of the recommended holding period specified below and understand that the product may terminate early;
- 3. they accept the risk that the issuer or guarantor could fail to pay or perform its obligations under the product and they are able to bear a total loss of their investment; and
- 4. they are willing to accept a level of risk to achieve potential returns that is consistent with the summary risk indicator shown below.

2. What are the risks and what could I get in return?

3. What happens if the issuer is unable to pay out?

You are exposed to the risk that the issuer or guarantor might be unable to meet its obligations in connection with the product for instance in the event of bankruptcy or an official directive for resolution action. This may materially adversely affect the value of the product and could lead to you losing some or all of your investment in the product. The product is not a deposit and as such is not covered by any deposit protection scheme.

4. What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- You would get back the amount that you invested (0% annual return).

Different costs apply depending on the investment amount.

5. How long should I hold it and can I take money out early?

Recommended holding period: 1 day

Sudden changes in the value of the product can occur frequently, accordingly the recommended holding period is 1 day or less. The value of the product should be monitored constantly.

The product reacts due to its leverage to small price movements of the underlying leading to potential profits or losses within unpredictable timeframes. The product does not guarantee the possibility to disinvest other than by selling the product through the exchange. No fees or penalties will be charged by the issuer for any such transaction, however an execution fee might be chargeable by your broker if applicable.

In addition to selling the product through the exchange if the product is listed or off-exchange you may exercise the product on specific dates by the giving of an exercise notice to the issuer. If applicable, details regarding the delivery of an exercise notice and the amount you will receive on such early exercise are described in more detail under "1. What is this product?" above.

Exchange listing	Börse Stuttgart	Price quotation	Units
Smallest tradable unit	1 unit		

In volatile or unusual market conditions, or in the event of technical faults/disruptions, the purchase and/or sale of the product can be temporarily hindered and/or suspended and may not be possible at all.

6. How can I complain?

Any complaint regarding the conduct of the person advising on, or selling, the product can be submitted directly to that person.

Any complaint regarding the product or the conduct of the manufacturer of this product can be submitted in writing at the following address: J.P. Morgan SE, KID complaints, Complaints Management, TaunusTurm, Taunustor 1, 60310, Frankfurt am Main, Germany, by email to: kontakt.zertifikate@jpmorgan.com or at the following website: www.jpmorgan-key-information-documents.com.

7. Other relevant information

Any additional documentation in relation to the product, in particular, the issuance programme documentation, any supplements thereto and the product terms are published on https://www.jpmorgan-zertifikate.de, all in accordance with relevant legal requirements. These documents are also available free of charge from BNP Paribas S.A., Germany Branch, Senckenberganlage 19, 60325 Frankfurt am Main, Germany.

The information contained in this Key Information Document does not constitute a recommendation to buy or sell the product and is no substitute for individual consultation with your bank or advisor.

The offering of this product has not been registered under the U.S. Securities Act of 1933. This product may not be offered or sold, directly or indirectly, in the United States of America or to U.S. persons. The term "U.S. person" is defined in Regulation S under the U.S. Securities Act of 1933, as amended.
