If, upon termination of the product, the <b>underlying</b> has risen to or above the <b>stop loss level</b>, the product will return less than your initial investment or even the minimum payment amount of EUR 0.001, which means you will effectively lose your initial investment. Returns from an investment in the product may be achieved by means of the purchase and subsequent resale of the product.</p> <p><b>Leverage:</b> The product offers leveraged exposure to the performance of the <b>underlying</b>. This means that the payment you receive following exercise by you or termination by us increases on a magnified basis as the performance of the <b>underlying</b> decreases, but you also bear a greater loss if the <b>underlying</b> performs positively.</p> <p><b>Stop loss event:</b> If the price of the <b>underlying</b> at any time during the term of the product is at or above the <b>stop loss level</b>, the product will terminate immediately and you will receive a cash amount equal to (A) (1) the <b>strike price</b> minus (2) a price for the <b>underlying</b> based on the highest price of the <b>underlying</b> published by the <b>reference source</b> during the three-hour period immediately following the <b>stop loss event</b> during which the <b>underlying</b> is calculated and published, multiplied by (B) the <b>entitlement</b>, and converted into EUR at the <b>FX rate</b>, subject to a minimum of EUR 0.001.</p> <p><b>Exercise by you or termination by us:</b> You may exercise the product on certain dates and subject to the notice periods set out in the product terms (see "7. Other Relevant Information" below for more information on where you can obtain the product terms). We may also terminate the product on certain dates and subject to the notice periods set out in the product terms. The exercise or termination, as the case may be, will be effective after the period of time indicated in the product terms.</p> <p>Unless a <b>stop loss event</b> has occurred, you will in both cases on the <b>settlement date</b> receive a cash amount equal to (1) (A) the <b>strike price</b> on the <b>valuation date</b> minus (B) the <b>reference price</b> on such date multiplied by (2) the <b>entitlement</b>, and converted into EUR at the <b>FX rate</b>, subject to a minimum of EUR 0.001.</p> <p>Following the issuance of the product, the <b>stop loss level</b> and the <b>strike price</b> will be adjusted for current market conditions and a financing rate. The financing rate is calculated and accrued daily based on an overnight floating rate minus a spread. Updated information on the levels of such components will be available from the product issuer and will be published on www.jpmmorgan-zertifikate.de.</p> <p>Under the product terms, certain dates specified below will be adjusted if the respective date is either not a business day or not a trading day (as applicable). Any adjustments may affect the return, if any, you receive.</p> <p>The product terms also provide that if certain exceptional events occur (1) adjustments may be made to the product and/or (2) the product issuer may terminate the product early. These events are specified in the product terms and principally relate to the <b>underlying</b>, the product and the product issuer. The return (if any) you receive on such early termination is likely to be different from the scenarios described above and may be less than the amount you invested.</p> <p>The product is available for trading on the listing venue(s) (see "5. How long should I hold it and can I take money out early?" below for more information on the listing venue(s)).</p> |
