| <b>Objectives</b><br>(Terms that appear in <b>bold</b> in this section are described in more detail in the table(s) below.) | <p>The product is designed to provide a return in the form of a cash payment following exercise by you or termination by us that will depend on the performance of the <b>underlying</b>. The product has no fixed term. The product may terminate at any time as described below. If, upon termination of the product, the <b>underlying</b> has risen to or above the <b>strike price</b>, the product will return less than your initial investment or even the minimum payment amount of EUR 0.001, which means you will effectively lose your initial investment. Returns from an investment in the product may be achieved by means of the purchase and subsequent resale of the product.</p> <p><b>Leverage:</b> The product offers leveraged exposure to the daily performance of the <b>underlying</b>. This means that the payment you receive following exercise by you or termination by us increases on a magnified basis as the daily performance of the <b>underlying</b> decreases, but you also bear a greater daily loss if the <b>underlying</b> performs positively on a single day.</p> <p><b>Leverage factor:</b> The aim of the product is to provide a constant leverage on a daily basis. The <b>strike price</b>, the <b>entitlement</b> and the <b>adjustment barrier</b> will be adjusted on a daily basis by reference to the <b>leverage factor</b>, taking into account the costs associated with the daily financing and hedging of the product. This means that over multiple days the product may have a negative return even if the <b>underlying</b> has performed negatively. Such adjustments may also occur intraday if the price of the <b>underlying</b> is at any point at or above the <b>adjustment barrier</b>.</p> <p>Updated information on the levels of such components will be available from the product issuer and will be published on <a href="http://www.jpmorgan-zertifikate.de">www.jpmorgan-zertifikate.de</a>.</p> <p><b>Adjustment event termination:</b> If the price of the <b>underlying</b> is at or above the <b>strike price</b> at any point during the ten-minute period after it is at or above the <b>adjustment barrier</b>, the product will terminate immediately and you will receive EUR 0.001, which means you will effectively lose your initial investment.</p> <p><b>Exercise by you or termination by us:</b> You may exercise the product on certain dates and subject to the notice periods set out in the product terms (see "7. Other Relevant Information" below for more information on where you can obtain the product terms). We may also terminate the product on certain dates and subject to the notice periods set out in the product terms. The exercise or termination, as the case may be, will be effective after the period of time indicated in the product terms.</p> <p>You will in both cases on the <b>settlement date</b> receive a cash amount equal to (1) (A) the <b>strike price</b> on the <b>valuation date</b> minus (B) the <b>reference price</b> on such date multiplied by (2) the <b>entitlement</b>, and converted into EUR at the <b>FX rate</b>, subject to a minimum of EUR 0.001.</p> <p>Under the product terms, certain dates specified below will be adjusted if the respective date is either not a business day or not a trading day (as applicable). Any adjustments may affect the return, if any, you receive.</p> <p>The product terms also provide that if certain exceptional events occur (1) adjustments may be made to the product and/or (2) the product issuer may terminate the product early. These events are specified in the product terms and principally relate to the <b>underlying</b>, the product and the product issuer. The return (if any) you receive on such early termination is likely to be different from the scenarios described above and may be less than the amount you invested.</p> <p>The product is available for trading on the listing venue(s) (see "5. How long should I hold it and can I take money out early?" below for more information on the listing venue(s)).</p> |

## 4. What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- You would get back the amount that you invested (0% annual return).
- EUR 10,000.00 is invested.
